Notes:				
The Gospel readings are from the plan devised by Esteban Vázquez, based on the kellia reading rule for the monastics of Optina, and utilizing his column III arrangement for the Epistles.				
From 23 to 31 December, the Gospel and Epistle readings follow those of the Church calendar. This is due to the Optina kellia reading plan running a few days shorter than the full year after four full repetitions.				
The Psalms readings are based on the stasis division of Eastern Orthodoxy, a plan which is based upon the LXX numbering of Psalms, but which is adapted here to the Psalm numbering of the Hebrew tradition (and those translations based directly upon the Hebrew text).				
All references here are according to the NRSV.
